

After Hours...
Awesome Job!

Darlene Martin's son, Robert, played his first season of football with the Stafford Bull Dogs. For the second year in a row the Bull Dogs played for the league championship, losing in a squeaker to the Windsor Locks Jets. They had a wonderful season with 5 wins, 2 losses and 1 tied game. They should be very proud of themselves!

See you next season... Go Bull Dogs!

Year End Reflections...

As the year draws to a close, we would like to say thank you to our clients and friends who made 2001 one of our most productive and memorable years yet.

We look forward to new opportunities and new challenges in the year ahead.

Under Construction...
"Work in Progress"

The photographs above detail the complete demolition, site preparation and construction of the new residence currently being built on the shores of **Bolton Lake**.

Owners: Rick and Maria Barnes

Project Approved...
"Functional Renovations"

The challenge of meeting new tenant requirements need not always be a burden. Often, as in the case of this 46,500 sf office building renovation in **Wallingford** for **Winstanley Enterprises**, creative redesign and attention to detail will result in a more efficient and useful layout.

Project Completed...
Civil Engineering

HydrogenSource has just moved into a newly renovated building in **South Windsor**. The site plan included a pedestrian walkway linking this site to adjacent buildings that they use, adding to the "campus" atmosphere of the area. Meehan & Goodin, P.C. provided surveying and site engineering services in conjunction with **Capital Studio Architects**.

Historic Renovation...
Artspace: The Next "Big Thing" at
The Windham Mills

Photo: Beverly York , Windham Textile and History Museum

Plans are proceeding through permitting for the rehabilitation and renovation of the historic Building One at the Windham Mills. Located alongside the scenic **Willimantic River**, the project will include apartments, studios and exhibition spaces for 50 local artists. The developers, **Artspace**, Connecticut have successfully developed similar projects in **Hartford** and **Norwich**.

Architect: Tai Soo Kim Partners, Hartford, Connecticut
