

After Hours...
Distinguished Surveyor Award

The Connecticut Association of Land Surveyors presented Bob Dahn with its Distinguished Surveyor Award at its 40th annual meeting in November. The award was presented by CALS president Andy Tupper in acknowledgment of Bob's long standing dedication to the advancement of the surveying profession and for his outstanding contributions to the Association and to the surveying profession at large.

Year End Reflections...

As the year draws to a close, we would like to say thank you to our clients and friends who made 2007 one of our most productive and memorable years yet.

We look forward to new opportunities and new challenges in the year ahead. See you in 2008!

Land Use Development Seminars...

We offer free seminars on land use evaluation, development and planning, as well as on the latest survey standards and codes.

Call Richard Meehan for more information about how to set up a seminar for your group at your location.

Open for Business... Manufacturing Revival

Pictured above (and featured in the Hartford Courant) is the new rail line for the latest tenant of the former General Motors New Departure Plant in Bristol. Our client, Savanna Partners, has transformed the formerly vacant behemoth into a bustling enterprise, with almost one million square feet of space currently occupied.

The new tenant, ClarkWestern Steel, needed to add a new railroad spur line to meet their constant steel delivery and handling requirements.

Working with our railroad consultant, Meehan & Goodin prepared the surveys, site plans, land use permits, and construction stakeout services for this interesting project.

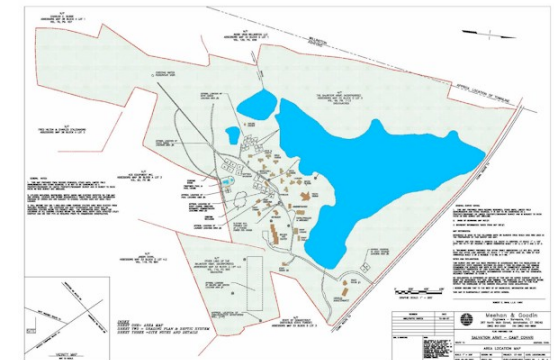

On the Boards... Business Relocation

When a successful small business in Manchester needed to relocate within town, they turned to Meehan & Goodin to prepare a Conn. Department of Motor Vehicles K-93 site location survey drawing for their permit application.

In the Works... New Swimming Pool and Facilities Plan

We have been working with The Salvation Army to secure permitting for the construction of an Olympic-sized pool, wading pool, and pool house to enhance the recreational programs at Camp Conrri in Ashford.
